

# Meet the Buyers: A Panel Discussion for Construction Contractors

Join us for an interactive and informative panel discussion and networking event with buyers from large local construction primes and government agencies looking for small business subcontractors.

We will be hosting a panel discussion to help attendees learn about how these agencies and primes identify potential vendors, the requirements they have for registering to do business with them, and how to effectively market to them.

The panel discussion will be followed by questions and networking time where attendees may virtually ask the primes and government agencies specific questions and learn about potential opportunities to do business with them.

The following agencies and primes have confirmed their participation on the panel:

- SANDAG
- San Diego Unified School Dist.
- Sundt Construction
- Swinerton Builders

Hosted by:

**Wednesday, April 14, 2021**

**1:00 p.m. – 3:00 p.m.**

## Cost

Free, but reservations required!
