SCHEDULE OF BENEFITS (WHO PAYS WHAT)

This Schedule of Benefits discusses:

- I. DEDUCTIBLES (if applicable)
- II. ANNUAL OUT-OF-POCKET MAXIMUMS (OPM)
- III. COPAYMENTS AND COINSURANCE
- IV. DEPENDENT LIMITING AGE

IMPORTANT INFORMATION: PLEASE READ

This Schedule of Benefits does not fully describe the Services covered under this EOC. ***For a complete understanding of the benefits, limitations and exclusions that apply to your coverage under this plan, it is important to read this EOC in conjunction with this Schedule of Benefits.*** Please refer to the identical heading in the "Benefits/Coverage (What Is Covered)" section and to the "Limitations/Exclusions (What Is Not Covered)" section of this EOC.

Services received may be described in multiple sections of this Schedule of Benefits (for example, Office Services, Durable Medical Equipment, X-ray, Laboratory, and X-ray Special Procedures may all apply to a broken arm). See the appropriate sections for applicable Copayment, Coinsurance, and Deductible information.

You are responsible for any applicable Copayment or Coinsurance for Services performed as part of or in conjunction with other outpatient Services, including but not limited to: office visits, Emergency Services, urgent care, and outpatient surgery.

Here is some important information to keep in mind as you read this Schedule of Benefits:

1. For a Service to be a covered Service:
 - a. The Service must be Medically Necessary (refer to the "Definitions" section in this EOC); **and**
 - b. The Service must be provided, prescribed, recommended, or directed by a Plan Provider; **and**
 - c. The Service must be described in this EOC as covered. Refer to the "Benefits/Coverage (What is Covered)" section.
2. The Charges for your Services are not always known at the time you receive the Service. You **will get a bill** for any Deductibles, Copayments, or Coinsurance that are not known at the time you receive the Service.
3. The Deductibles, Copayments, or Coinsurance listed here apply to covered Services provided to Members enrolled in this plan. Only covered Services apply to the Deductible and OPM. Non-covered Services will not apply to the Deductible and OPM.
4. Copayments for Services are due at the time you receive the Service. Deductibles or Coinsurance for Services may also be due at the time you receive the Service.
5. Except for #6 below, you may be responsible for any amounts over eligible Charges in addition to any Copayment or Coinsurance.
6. With respect to Emergency Services received in a non-Plan Facility, or Services rendered by a non-Plan Provider in a Plan Facility, you will not be balance billed by either the non-Plan Provider or non-Plan Facility. You are responsible for the same Deductible, Copayment, or Coinsurance amounts that you would pay if the care was provided in a Plan Facility or provided by a Plan Provider.
7. You may be charged separate Deductibles, Copayments, or Coinsurance for additional Services you receive during your visit or if you receive Services from more than one provider during your visit.
8. We reserve the right to reschedule non-emergency, non-routine care if you do not pay all amounts due at the time you receive the Service.
9. For items ordered in advance, you pay the Deductibles, Copayments, or Coinsurance in effect on the order date.
10. You, as the Subscriber, are responsible for any Deductibles, Copayments, and/or Coinsurance incurred by your Dependents enrolled in the Plan.

11. If you are the only person on your plan, your plan will become a family plan upon the addition of any eligible Dependent to your plan. This includes, but is not limited to, any temporary additions to your plan, such as the coverage of a newborn for 31 days as required by state law.

I. DEDUCTIBLES

There is no medical Deductible. If your Group has purchased a supplemental prescription drug benefit with a pharmacy Deductible, payments made for prescription drugs apply *only* to the pharmacy Deductible.

The pharmacy Deductible represents the full amount you must pay for prescription drugs before any Copayment or Coinsurance applies. Prescription drugs may or may not be subject to the pharmacy Deductible. It depends on the plan your Group has purchased.

- A. For prescription drugs that **ARE** subject to the pharmacy Deductible:
1. You must pay full charges for prescription drugs until your pharmacy Deductible is satisfied. Please see “III. Copayments and Coinsurance”, “Drugs, Supplies, and Supplements” to find out which prescription drugs are subject to the pharmacy Deductible.
 2. Once you have met your pharmacy Deductible for the Accumulation Period, you will then pay, for the rest of the Accumulation Period, your applicable Copayment or Coinsurance for those prescriptions drugs subject to the pharmacy Deductible (see “III. Copayments and Coinsurance”, “Drugs, Supplies, and Supplements”).
 3. Your applicable Copayment, Coinsurance, and pharmacy Deductible may not apply to your annual Out-of-Pocket Maximum (OPM) (see “II. Annual Out-of-Pocket Maximums”).
- B. For prescription drugs that **ARE NOT** subject to the pharmacy Deductible: Your Copayment or Coinsurance will always apply, as listed in “III. Copayments and Coinsurance”, “Drugs, Supplies, and Supplements.”

II. ANNUAL OUT-OF-POCKET MAXIMUMS

The OPM limits the total amount you must pay during the Accumulation Period for certain covered Services. Covered Services may or may not apply to the OPM (see “III. Copayments and Coinsurance”). It depends on the plan your Group has purchased.

For covered Services that apply to the OPM, any amounts you pay over eligible Charges will not apply toward the OPM.

- A. For covered Services that **APPLY** to the OPM.
1. The only Copayments or Coinsurance **that apply** toward the OPM are those made for covered Services listed as **applying** to the OPM (see “III. Copayments and Coinsurance”).
 2. Once your OPM is met, you will no longer pay for covered Services **that apply** to the OPM for the rest of the Accumulation Period.
- B. For covered Services that do **NOT APPLY** to the OPM.
1. The only Copayments or Coinsurance that **do not apply** toward the OPM are those made for covered Services listed as **not** applying to the OPM (see “III. Copayments and Coinsurance”).
 2. Once your OPM is met, you will continue to pay for covered Services that **do not apply** to the OPM for the rest of the Accumulation Period.

Tracking Pharmacy Deductible and Out-of-Pocket Amounts

Once you have received Services and we have processed the claim for Services rendered, we will provide an Explanation of Benefits (EOB). The EOB will list the Services you received, the cost of those Services, and the payments made for the Services. It will also include information regarding what portion of the payments were applied to your pharmacy Deductible and/or OPM amounts.

For more information about your Deductible or OPM amounts, please call **Member Services** or go to **kp.org**.

III. COPAYMENTS AND COINSURANCE

Note: Day, visit, and dollar limits, Deductibles, and Out-of-Pocket Maximums are based on a calendar year Accumulation Period.

Out-of-Pocket Maximum

EMBEDDED OPM

\$2,000/Individual per Accumulation Period

\$4,500/Family per Accumulation Period

An Embedded OPM means:

- Each individual family Member has his or her own OPM.
 - If a family Member reaches his or her individual OPM before the family OPM is met, he or she will no longer pay Copayments or Coinsurance for those covered Services that apply to the OPM for the rest of the Accumulation Period.
 - After the family OPM is met, all covered family Members will no longer pay Copayments or Coinsurance for those covered Services that apply to the OPM for the rest of the Accumulation Period. This is true even for family Members who have not met their individual OPM.

I. ELIGIBILITY

A. Who Is Eligible

1. General

To be eligible to enroll and to remain enrolled in this health benefit plan, you must meet the following requirements:

- You must meet your Group's eligibility requirements that we have approved. Your Group is required to inform Subscribers of the Group's eligibility requirements; and
- You must also meet the Subscriber or Dependent eligibility requirements as described below; and
- The Subscriber must live or reside in our Service Area. Our Service Area is described in the "Definitions" section.

2. Subscribers

You may be eligible to enroll as a Subscriber if you are entitled to Subscriber coverage under your Group's eligibility requirements. An example would be an employee of your Group who works at least the number of hours stated in those requirements.

3. Dependents

If you are a Subscriber, the following persons may be eligible to enroll as your Dependents under this plan:

- Your Spouse. (Spouse includes a partner in a valid civil union under state law.)
- Your or your Spouse's children (including adopted children and children placed with you for adoption) who are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)."
- Other dependent persons (but not including foster children) who meet all of the following requirements:
 - They are under the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)"; and
 - You or your Spouse is the court-appointed permanent legal guardian (or was before the person reached age 18).
- Your or your Spouse's unmarried children over the dependent limiting age shown in the "Schedule of Benefits (Who Pays What)" who are medically certified as disabled and dependent upon you or your Spouse are eligible to enroll or continue coverage as your Dependents if the following requirements are met:
 - They are dependent on you or your Spouse; and
 - You give us proof of the Dependent's disability and dependency annually if we request it.
- Subscriber's designated beneficiary prescribed by Colorado law, if your employer elects to cover designated beneficiaries as dependents.

Students on Medical Leave of Absence. Dependent children who lose dependent student status at a postsecondary educational institution due to a Medically Necessary leave of absence may remain eligible for coverage until the earlier of: (i) one year after the first day of the Medically Necessary leave of absence; or (ii) the date dependent coverage would otherwise terminate under this EOC. We must receive written certification by a treating physician of the dependent child which states that the child is suffering from a serious illness or injury, and that the leave of absence or other change of enrollment is Medically Necessary.

If your plan has different eligibility requirements, please see "Additional Provisions."

B. Enrollment and Effective Date of Coverage

Eligible people may enroll as follows, and membership begins at 12:00 a.m. on the membership effective date:

1. New Employees and their Dependents

If you are a new employee, you may enroll yourself and any eligible Dependents by submitting a Health Plan-approved enrollment application to your Group within 31 days after you become eligible. You should check with your Group to see when new employees become eligible. Your membership will become effective on the date specified by your Group.

2. Members Who are Inpatient on Effective Date of Coverage

If you are an inpatient in a hospital or institution when your coverage with us becomes effective and you had other coverage when you were admitted, state law will determine whether we or your prior carrier will be responsible for payment for your care until your date of discharge.

3. Special Enrollment Due to Newly Acquired Dependents

You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group within 31 days after a Dependent becomes newly eligible.

The membership effective date for the Dependents (and, if applicable, the new Subscriber) will be:

- For newborn children, the moment of birth. Your newborn child is covered for the first 31 days following birth. This coverage is required by state law, whether or not you intend to add the newborn to this plan.
For existing Subscribers:

- i. If the addition of the newborn child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newborn to keep coverage beyond the first 31-day period of coverage, is required to: (A) pay the new amount due for coverage after the first 31-day period of coverage; and (B) notify Health Plan within 31 days of the newborn's birth.
 - ii. If the addition of the newborn child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the birth of the newborn to get the newborn enrolled onto the Subscriber's Health Plan coverage.
 - b. For newly adopted children (including children newly placed for adoption), the date of the adoption or placement for adoption. An eligible adopted child must be enrolled within 31 days from the date the child is placed in your custody or the date of the final decree of adoption.
For existing Subscribers:
 - i. If the addition of the newly adopted child to the Subscriber's coverage will change the amount the Subscriber is required to pay for that coverage, then the Subscriber, in order for the newly adopted child to continue coverage beyond the initial 31-day period of coverage, is required to: (A) pay the new amount due for coverage after the initial 31-day period of coverage; and (B) notify Health Plan within 31 days of the child's adoption or placement for adoption.
 - ii. If the addition of the newly adopted child to the Subscriber's coverage will not change the amount the Subscriber pays for coverage, the Subscriber must still notify Health Plan after the adoption or placement for adoption of the child to get the child enrolled onto the Subscriber's Health Plan coverage.
 - c. For all other Dependents, if enrolled within 31 days of becoming eligible, no later than the first day of the month following the date your Group receives the enrollment application. Your Group will let you know the membership effective date. Employees and Dependents who are not enrolled when newly eligible must wait until the next open enrollment period to become Members of Health Plan, unless: (i) they enroll under special circumstances, as agreed to by your Group and Health Plan; or (ii) they enroll under the provisions described in "Special Enrollment".
4. **Special Enrollment**
You or your Dependent may experience a triggering event that allows a change in your enrollment. Examples of triggering events are the loss of coverage, a Dependent's aging off this plan, marriage, and birth of a child. The triggering event results in a special enrollment period that usually (but not always) starts on the date of the triggering event and lasts for 30 days. During the special enrollment period, you may enroll your Dependent(s) in this plan or, in certain circumstances, you may change plans (your plan choice may be limited). There are requirements that you must meet to take advantage of a special enrollment period including showing proof of your own or your Dependent's triggering event. To learn more about triggering events, special enrollment periods, how to enroll or change your plan (if permitted), timeframes for submitting information to Health Plan and other requirements, call **Member Services** to obtain a copy of Health Plan's *Special Enrollment Guide*.
5. **Open Enrollment**
You may enroll as a Subscriber (along with any eligible Dependents), and existing Subscribers may add eligible Dependents, by submitting a Health Plan-approved enrollment application to your Group during the open enrollment period. Your Group will let you know when the open enrollment period begins and ends and the membership effective date.
6. **Persons Barred from Enrolling**
You cannot enroll if you have had your entitlement to receive Services through Health Plan terminated for cause.

II. HOW TO ACCESS YOUR SERVICES AND OBTAIN APPROVAL OF BENEFITS

As a Member, you are selecting our medical care program to provide your health care. You must receive all covered Services from Plan Providers inside your home Service Area, except as described under the following headings:

- "Emergency Services Provided by non-Plan Providers (out-of-Plan Emergency Services)" in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.
- "Urgent Care Outside the Service Area" in "Emergency Services and Urgent Care" in the "Benefits/Coverage (What is Covered)" section.
- "Out-of-Area Benefit" in the "Benefits/Coverage (What is Covered)" section.
- "Access to Other Providers" in this section.
- "Cross Market Access" in this section.
- "Visiting Other Kaiser Regional Health Plan Service Areas" in this section.
- "Plus Benefit" if purchased by your Group. See the "Schedule of Benefits (Who Pays What)" to determine if your Group has purchased this coverage.

Your home Service Area is printed on your Health Plan Identification (ID) card. For more information about your ID card, please refer to the “Using Your Health Plan Identification Card” section.

In some circumstances, you might receive emergency or non-emergency Services from a non-Plan Provider or non-Plan Facility. **Non-emergency Services from non-Plan Providers are not covered unless they are authorized by us.** If Services from a non-Plan Provider are authorized, the Deductible, Copayment, and/or Coinsurance for these authorized Services are the same as for covered Services received from a Plan Provider. You have the right and responsibility to request a Plan Provider to provide Services.

Note: *Denver/Boulder* Members do not have access to Affiliated Providers within the *Denver/Boulder* Service Area unless authorized by Health Plan. *Southern* and *Northern Colorado* Members do have access to Affiliated Providers within their home Service Area.

A. Your Primary Care Provider

Your primary care provider (PCP) plays an important role in coordinating your health care needs. This includes hospital stays and referrals to specialists. Every member of your family should have his or her own PCP.

1. Choosing Your Primary Care Provider

You may select a PCP from family medicine, pediatrics, or internal medicine within your home Service Area. You may also receive a second medical opinion from a Plan Physician upon request. Please refer to the “Second Opinions” section.

a. Denver/Boulder Service Area

You may choose your PCP from our provider directory. To review a list of Plan Providers and their biographies, visit our website. Go to kp.org/locations. You can also get a copy of the directory by calling **Member Services**. To choose a PCP, sign in to your account online or call **Personal Physician Selection Services**. This team will help you choose a primary care provider, accepting new patients, based on your health care needs.

b. Southern and Northern Colorado Service Areas

You must choose a PCP when you enroll. If you do not select a PCP upon enrollment, we will assign you one near your home.

Medical Group contracts with a panel of Affiliated Physicians, specialists, and other health care professionals to provide medical Services in the *Southern* and *Northern Colorado* Service Areas. You may choose your PCP from our panel of *Southern* and *Northern Colorado* providers.

You can find these physicians, along with a list of affiliated specialists and ancillary providers, in the Kaiser Permanente Provider Directory for your specific home Service Area. You can review a list of *Southern* and *Northern Colorado* Plan Providers by visiting our website. Go to kp.org/locations. You can also get a copy of the directory by calling **Member Services**. To choose a PCP, call **Personal Physician Selection Services**. This team will help you choose a primary care provider, accepting new patients, based on your health care needs.

If you are seeking routine or specialty care in *Denver/Boulder*, you must have a referral from your local PCP with an Authorization from Health Plan. If you do not have an Authorization, you will be billed for the full amount of the office visit Charges. If you are visiting in the *Denver/Boulder* Service Area and need urgent or emergency care, you can visit a *Denver/Boulder* Plan Facility without a referral. For a referral from a specialist, see the “Access to Other Providers” section. For care in *Denver/Boulder* Plan Medical Offices, see “Cross Market Access”.

2. Changing Your Primary Care Provider

a. Denver/Boulder Service Area

Please call **Personal Physician Selection Services** to change your PCP. You may also change your PCP online or when visiting a Plan Facility. You may change your PCP at any time.

b. Southern and Northern Colorado Service Areas

Please call **Personal Physician Selection Services** to change your PCP. Notify us of your new PCP choice by the 15th day of the month. Your selection will be effective on the first day of the following month.

B. Access to Other Providers

1. Referrals and Authorizations

a. Denver/Boulder Service Area

If your Medical Group physician decides that you need covered Services not available from us, he or she will request a referral for you to see a non-Medical Group physician inside or outside our Service Area. This referral request will result in an Authorization or a denial. However, there may be circumstances where Health Plan will partially authorize your provider’s referral request.

An Authorization is a referral request that has received approval from Health Plan. An Authorization is limited to a specific Service, treatment or series of treatments, and period of time. The provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider’s information. It will also tell you the Services authorized and the time period that the

Authorization is valid. Copayments or Coinsurance for authorized Services are the same as those required for Services provided by a Medical Group physician.

An Authorization is required for Services provided by non-Plan Providers, non-Medical Group physicians, or non-Plan Facilities. If your provider refers you to a non-Medical Group physician, non-Plan Provider, or non-Plan Facility, inside or outside our Service Area, you must have a written Authorization in order for us to cover the Services.

All referral Services must be requested and authorized in advance. We will not pay for any care rendered by a provider unless the care is specifically authorized by Health Plan and approved in advance. A written or verbal recommendation by a provider that you get non-covered Services (whether Medically Necessary or not) is not considered an Authorization, and is **not** covered.

b. **Southern and Northern Colorado Service Areas**

If your Medical Group physician decides that you need covered Services not available from us, he or she will request a referral for you to see a non-Medical Group physician inside or outside our Service Area. This referral request will result in an Authorization or a denial. However, there may be circumstances where Health Plan will partially authorize your provider's referral request.

An Authorization is a referral request that has received approval from Health Plan. An Authorization is limited to a specific Service, treatment or series of treatments, and period of time. The provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid. Copayments or Coinsurance for authorized Services are the same as those required for Services provided by a Medical Group physician.

An Authorization is required for Services provided by non-Plan Providers, non-Medical Group physicians, or non-Plan Facilities. If your provider refers you to a non-Medical Group physician, non-Plan Provider, or non-Plan Facility, inside or outside our Service Area, you must have a written Authorization in order for us to cover the Services.

All referral Services must be requested and authorized in advance. We will not pay for any care rendered by a provider unless the care is specifically authorized by Health Plan and approved in advance. A written or verbal recommendation by a provider that you get non-covered Services (whether Medically Necessary or not) is not considered an Authorization, and is **not** covered.

2. **Specialty Self-Referrals**

a. **Denver/Boulder Service Area**

In some cases you can refer yourself for consultation (routine office) visits to specialty-care departments within Kaiser Permanente, with the exception of certain specialty-care departments such as the anesthesia clinical pain department. You do not need a referral or prior Authorization in order to obtain access to eye care services from a Plan Provider. You do not need a referral or prior Authorization in order to obtain access to obstetrical or gynecological care from a Plan Provider who specializes in obstetrics or gynecology.

You will find specialty-care providers in the Kaiser Permanente Provider Directory for your home Service Area. The Provider Directory is available on our website, kp.org/locations. If you need a printed copy of the Provider Directory, please call **Member Services**.

A self-referral provides coverage for routine office visits only. Certain Services other than those provided as part of a routine office visit will not be covered unless authorized by Kaiser Permanente before Services are rendered.

Authorization from Kaiser Permanente is required for: (i) Services in addition to those provided as part of the visit, such as surgery; and (ii) visits to specialty-care Plan Providers not eligible for self-referrals; and (iii) non-Plan Providers. The request for these Services can be generated by either your PCP or by a specialty-care provider. If the request is approved, the provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid.

A Plan Provider can directly refer you for some laboratory or radiology Services and for specialty procedures such as a CT scan or MRI. However, certain laboratory or radiology Services and specialty procedures will still require an Authorization.

b. **Southern and Northern Colorado Service Areas**

In some cases you can refer yourself for consultation (routine office) visits to specialty-care departments within Kaiser Permanente, with the exception of certain specialty-care departments such as the anesthesia clinical pain department. You do not need a referral or prior Authorization in order to obtain access to eye care services from a Plan Provider. You do not need a referral or prior Authorization in order to obtain access to obstetrical or gynecological care from a Plan Provider who specializes in obstetrics or gynecology.

You will find specialty-care providers in the Kaiser Permanente Provider Directory for your home Service Area. The Provider Directory is available on our website, kp.org/locations. If you need a printed copy of the Provider Directory, please call **Member Services**.

A self-referral provides coverage for routine office visits only. Certain Services other than those provided as part of a routine office visit will not be covered unless authorized by Kaiser Permanente before Services are rendered.

Authorization from Kaiser Permanente is required for: (i) Services in addition to those provided as part of the visit, such as surgery; and (ii) visits to specialty-care Plan Providers not eligible for self-referrals; and (iii) non-Plan Providers. The request for these Services can be generated by either your PCP or by a specialty-care provider. If the request is approved, the provider or facility to whom you are referred will receive a notice of the Authorization, and you will receive a written notice of the Authorization. This notice will tell you the provider's information. It will also tell you the Services authorized and the time period that the Authorization is valid.

A Plan Provider can directly refer you for some laboratory or radiology Services and for specialty procedures such as a CT scan or MRI. However, certain laboratory or radiology Services and specialty procedures will still require an Authorization.

Southern and **Northern Colorado** Members may be able to self-refer to Kaiser Permanente Plan Medical Offices in the **Denver/Boulder** Service Area (see "Cross Market Access" in this section).

3. Second Opinions

Upon request and subject to payment of any applicable Copayments or Coinsurance, you may get a second opinion from a Plan Physician about any proposed covered Services.

If the recommendations of the first and second physician differ regarding the need for surgery (or other major procedure), a third opinion may be covered if authorized by Health Plan. Third medical opinions are not covered unless authorized by Health Plan before Services are rendered.

C. Plan Facilities

Plan Facilities are Plan Medical Offices or Plan Hospitals in our Service Area that we contract with to provide covered Services to our Members.

1. Denver/Boulder Service Area

We offer health care at Plan Medical Offices conveniently located throughout the **Denver/Boulder** Service Area. At most of our Plan Facilities, you can usually receive all the covered Services you need. This includes specialized care. You are not restricted to a certain Plan Facility. We encourage you to use the Plan Facility in your home Service Area that will be most convenient for you.

Plan Facilities are listed in our provider directory, which we update regularly. You can get a current copy of the directory by calling **Member Services**. You can also get a list of Plan Facilities on our website. Go to kp.org/locations.

2. Southern and Northern Colorado Service Areas

When you select your PCP, you will receive your Services at that provider's office. You can find **Southern** and **Northern Colorado** Plan Physicians and their facilities, along with a list of affiliated specialists and ancillary providers, in the Kaiser Permanente Provider Directory for your specific home Service Area. You can get a copy of the directory by calling **Member Services**. You can also get a list from our website. Go to kp.org/locations.

D. Getting the Care You Need

Emergency care is covered 24 hours a day, 7 days a week anywhere in the world. **If you think you have a Life or Limb Threatening Emergency, call 911 or go to the nearest emergency room.** For coverage information about emergency care, including out-of-Plan Emergency Services, and emergency benefits away from home, please refer to "Emergency Services" in the "Benefits/Coverage (What is Covered)" section.

If you need urgent care, you may use one of the designated urgent care Plan Facilities. The Copayment or Coinsurance for urgent care received in Plan Facilities listed in the "Schedule of Benefits (Who Pays What)" will apply. For additional information about urgent care, please refer to "Urgent Care" in the "Benefits/Coverage (What is Covered)" section.

Urgent care received at a non-Plan Facility inside your Service Area is **not covered**. If you receive care for minor medical problems at non-Plan Facilities inside your Service Area, you will be responsible for payment for any treatment received.

There may be instances when you need to receive unauthorized urgent care outside your Service Area. Please see "Urgent Care" in the "Benefits/Coverage (What is Covered)" section for coverage information about urgent care Services outside the Service Area.

E. Visiting Other Kaiser Regional Health Plan Service Areas

You may receive visiting member services from another Kaiser regional health plan as directed by that other plan so long as such services would be covered under this EOC. Kaiser regional health plan service areas may change at any time. Currently they are: the District of Columbia and parts of California, Colorado, Georgia, Hawaii, Maryland, Oregon, Virginia, and

Washington. For more information, please call **Member Services**. Visiting member services shall be subject to the terms and conditions set forth in this EOC including but not limited to those pertaining to prior Authorization, Deductible, Copayment, and/or Coinsurance, as further described in the Visiting Member Brochure available online at kp.org/travel. Certain services are not covered as visiting member services.

For more information about receiving visiting member services in other Kaiser regional health plan service areas, including provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at kp.org/travel.

F. Moving Outside of our Service Area

If you move to an area not within any Kaiser regional health plan service area, your membership may be terminated. We will provide you with thirty (30) days' notice of termination which will include the reason for termination.

G. Using Your Health Plan Identification Card

Each Member is issued a Health Plan Identification (ID) card with a Health Record Number on it. This is useful when you call for advice, make an appointment, or go to a Plan Provider for care. The Health Record Number is used to identify your medical records and membership information. You should always have the same Health Record Number. Please call **Member Services** if: (1) we ever inadvertently issue you more than one Health Record Number; or (2) you need to replace your Health Plan ID card.

Your Health Plan ID card is for identification only. To receive covered Services, you must be a current Health Plan Member. Anyone who is not a Member will be billed as a non-Member for any Services we provide. In addition, claims for Emergency or non-emergency care Services from non-Plan Providers will be denied. If you let someone else use your Health Plan ID card, we may keep your card and terminate your membership upon 30 days written notice that will include the reason for termination.

When you receive Services, you will need to show photo identification along with your Health Plan ID card. This allows us to ensure proper identification and to better protect your coverage and medical information from fraud. If you suspect you or your membership is a victim of fraud, please call **Member Services** to report your concern.

When you have an Emergency Medical Condition, we cover Emergency Services you receive from Plan Providers and non-Plan Providers anywhere in the world, as long as the Services would have been covered under your plan if you had received them from Plan Providers. For information about emergency benefits away from home, please call **Member Services**.

You will pay your plan's Deductible, Copayment, and/or Coinsurance for covered Emergency Services, regardless of whether the Services are provided by a Plan Provider or a non-Plan Provider.

Please note that in addition to any Copayment or Coinsurance that applies under this section, you may incur additional Copayment or Coinsurance amounts for Services and procedures covered under other sections of this EOC.

a. Emergency Services Provided by non-Plan Providers (out-of-Plan Emergency Services)

"Out-of-Plan Emergency Services" are Emergency Services that are not provided by a Plan Physician. There may be times when you or a family member may receive Emergency Services from non-Plan Providers. The patient's medical condition may be so critical that you cannot call or come to one of our Plan Medical Offices or the emergency room of a Plan Hospital, or the patient may need Emergency Services while traveling outside our Service Area.

Please refer to "ii. Emergency Services Limitation for non-Plan Providers" if you are hospitalized for Emergency Services.

i. We cover out-of-Plan Emergency Services as follows:

A. Outside our Service Area. If you are injured or become unexpectedly ill while you are outside our Service Area, we will cover out-of-Plan Emergency Services that could not reasonably be delayed until you could get to a Plan Hospital, a hospital where we have contracted for Emergency Services, or a Plan Facility, only if a prudent layperson having average knowledge of health services and medicine and acting reasonably would have believed that an Emergency Medical Condition or Life or Limb Threatening Emergency existed. Covered benefits include Medically Necessary out-of-Plan Emergency Services for conditions that arise unexpectedly, including but not limited to myocardial infarction, appendicitis, or premature delivery.

B. Inside our Service Area. If you are inside our Service Area, we will cover out-of-Plan Emergency Services only if a prudent layperson would have reasonably believed that the delay in going to a Plan Hospital, a hospital where we have contracted for Emergency Services, or a Plan Facility for treatment would result in death or serious impairment of health.

ii. Emergency Services Limitation for non-Plan Providers

If you are admitted to a non-Plan Hospital, non-Plan Facility, or a hospital where we have contracted for Emergency Services, you or someone on your behalf must notify us within 24 hours, or as soon as reasonably possible. Please call the **Telephonic Medicine Center at 303-743-5763**.

We will decide whether to make arrangements for necessary continued care where you are, or to transfer you to a Plan Facility we designate once you are Stabilized. If you are admitted to a non-Plan Hospital, non-Plan Facility, or a hospital where we have contracted for Emergency Services, we may transfer you to a Plan Hospital or Plan Facility. By notifying us of your hospitalization as soon as possible, you will protect yourself from potential liability for payment for Services you receive after transfer to one of our Plan Facilities would have been possible.

b. Emergency Services Limitations

Continuing or follow-up treatment: We cover only the Emergency Services that are required before you could have been moved to a Plan Facility we designate either inside or outside our Service Area. If you are admitted to a Plan Facility, we may transfer you to another Plan Facility. When approved by Health Plan, we will cover ambulance Services or other transportation Medically Necessary to move you to a designated Plan Facility for continuing or follow-up treatment.

c. Payment

Our payment is reduced by:

- i. any applicable Copayment and/or Coinsurance for Emergency Services and X-ray special procedures performed in the emergency room. The emergency room and X-ray special procedures Copayments, if applicable, are waived if you are admitted directly to the hospital as an inpatient; and
- ii. the Copayment or Coinsurance for ambulance Services, if any; and
- iii. coordination of benefits; and
- iv. all amounts paid or payable, or which in the absence of this EOC would be payable, for the Services in question, under any insurance policy or contract, or any other contract, or any government program except Medicaid; and
- v. amounts you or your legal representative recover from motor vehicle insurance or because of third party liability.

Note: If you receive out-of-Plan Emergency Services, our payment is also reduced by any other payments you would have had to make if you received the same Services from our Plan Providers. The procedure for receiving reimbursement for out-of-Plan Emergency Services is described in the “Appeals and Complaints” section regarding “Post-Service Claims and Appeals.”

Note: As part of an emergent care episode, Medically Necessary DME and prosthetics and orthotics following Stabilization will be covered if authorized by Health Plan.

If you have been diagnosed with a life limiting illness with a life expectancy of 24 months or less, but are not yet ready to elect hospice care, you are eligible for the Special Services Program (“Program”). Coverage of hospice care is described below.

Hospice Special Services give you and your family time to become more familiar with hospice-type Services and to decide what is best for you. It helps you bridge the gap between your diagnosis and preparing for the end of life.

The difference between Hospice Special Services and regular Home Health Care visiting nurse visits is that: you may or may not be homebound or have skilled nursing care needs; or you may only require spiritual or emotional care. Services available through this program are provided by professionals with specific training in end-of-life issues.

We cover hospice care for terminally ill Members inside our Service Area. If a Plan Physician diagnoses you with a terminal illness and determines that your life expectancy is six (6) months or less, you can choose hospice care instead of traditional Services otherwise provided for your illness.

11. **Experimental or Investigational Services:**
- a. A Service is experimental or investigational for a Member's condition if any of the following statements apply at the time the Service is or will be provided to the Member. The Service:
 - i. Has not been approved or granted by the U.S. Food and Drug Administration (FDA); or
 - ii. Is the subject of a current new drug or new device application on file with the FDA; or
 - iii. Is provided as part of a Phase I or Phase II clinical trial, as the experimental or research arm of a Phase III clinical trial or in any other manner that is intended to determine the safety, toxicity, or efficacy of the Service; or
 - iv. Is provided pursuant to a written protocol or other document that lists an evaluation of the Service's safety, toxicity, or efficacy as among its objectives; or
 - v. Is subject to the approval or review of an Institutional Review Board (IRB) or other body that approves or reviews research on the safety, toxicity, or efficacy of Services; or
 - vi. The Service has not been recommended for coverage by the Regional New Technology and Benefit Interpretation Committee, the Interregional New Technology Committee or the Medical Technology Assessment Unit based on analysis of clinical studies and literature for safety and appropriateness, unless otherwise covered by Health Plan; or,
 - vii. Is provided pursuant to informed consent documents that describe the Service as experimental or investigational or in other terms that indicate that the Service is being looked at for its safety, toxicity, or efficacy; or
 - viii. Is part of a prevailing opinion among experts as expressed in the published authoritative medical or scientific literature that (A) use of the Service should be substantially confined to research settings or (B) further research is needed to determine the safety, toxicity, or efficacy of the Service.
 - b. In determining whether a Service is experimental or investigational, the following sources of information will be solely relied upon:
 - i. The Member's medical records; and
 - ii. The written protocol(s) or other document(s) under which the Service has been or will be provided; and
 - iii. Any consent document(s) the Member or the Member's representative has executed or will be asked to execute to receive the Service; and
 - iv. The files and records of the IRB or similar body that approves or reviews research at the institution where the Service has been or will be provided, and other information concerning the authority or actions of the IRB or similar body; and
 - v. The published authoritative medical or scientific literature on the Service as applied to the Member's illness or injury; and
 - vi. Regulations, records, applications and other documents or actions issued by, filed with, or taken by the FDA, or other agencies within the U.S. Department of Health and Human Services, or any state agency performing similar functions.
 - c. If two (2) or more Services are part of the same plan of treatment or diagnosis, all of the Services are excluded if one of the Services is experimental or investigational.
 - d. Health Plan consults Medical Group and then uses the criteria described above to decide if a particular Service is experimental or investigational.

Note: For non-grandfathered health plans only, this exclusion does not apply to Services covered under "Clinical Trials" in the "Benefits/Coverage (What is Covered)" section.

12. **Genetic Testing.** Genetic testing unless determined to be: Medically Necessary; and meets Medical Group criteria.

13. **Infertility Services.** All Services related to the diagnosis or treatment of infertility unless your Group has purchased additional supplemental coverage.
14. **Intermediate Care.** Care in an intermediate care facility.
15. **Routine Foot Care Services.** Routine foot care Services that are not Medically Necessary.
16. **Services for Members in the Custody of Law Enforcement Officers.** Non-Plan Provider Services provided or arranged by criminal justice institutions for Members in the custody of law enforcement officers, unless the Services are covered as out-of- Plan Emergency Services or urgent care outside the Service Area.
17. **Services Not Available in our Service Area.** Services not generally and customarily available in our Service Area, except when it is a generally accepted medical practice in our Service Area to refer patients outside our Service Area for the Service.
18. **Services Related to a Non-Covered Service.** When a Service is not covered, all Services related to the non-covered Service are excluded. This does not include Services we would otherwise cover to treat complications as a result of the non-covered Service.
19. **Third Party Requests or Requirements.** Physical exams, tests, or other services that do not directly treat an actual illness, injury, or condition, and any related reports or paperwork in connection with third party requests or requirements, including but not limited to those for:
 - a. Employment;
 - b. Participation in employee programs;
 - c. Insurance;
 - d. Disability;
 - e. Licensing;
 - f. School events, sports, or camp;
 - g. Governmental agencies;
 - h. Court order, parole, or probation;
 - i. Travel.
20. **Travel and Lodging Expenses.** Travel and lodging expenses are excluded. We may pay certain expenses we preauthorize in accordance with our internal travel and lodging guidelines in some situations, when Medical Group refers you to a non-Plan Provider outside our Service Area as described under “Access to Other Providers” in the “How to Access Your Services and Obtain Approval of Benefits” section.
21. **Unclassified Medical Technology Devices and Services.** Medical technology devices and Services which have not been classified as durable medical equipment or laboratory by a National Coverage Determination (NCD) issued by the Centers for Medicare & Medicaid Services (CMS), unless otherwise covered by Health Plan.
22. **Weight Management Facilities.** Services received in a weight management facility.
23. **Workers’ Compensation or Employer’s Liability.** Financial responsibility for Services for any illness, injury, or condition, to the extent a payment or any other benefit, including any amount received as a settlement (collectively referred to as “Financial Benefit”), is provided under any workers’ compensation or employer’s liability law. We will provide Services even if it is unclear whether you are entitled to a Financial Benefit, but we may recover Charges for any such Services from the following sources:
 - a. Any source providing a Financial Benefit or from whom a Financial Benefit is due.
 - b. You, to the extent that a Financial Benefit is provided or payable or would have been required to be provided or payable if you had diligently sought to establish your rights to the Financial Benefit under any workers’ compensation or employer’s liability law.

B. Limitations

We will use our best efforts to provide or arrange covered Services in the event of unusual circumstances that delay or render impractical the provision of Services. Examples include: major disaster; epidemic; war; riot; civil insurrection; disability of a large share of personnel at a Plan Facility; complete or partial destruction of facilities; and labor disputes not involving Health Plan, Kaiser Foundation Hospitals or Medical Group. In these circumstances, Health Plan, Kaiser Foundation Hospitals, Medical Group and Medical Group Plan Physicians will not have any liability for any delay or failure in providing covered Services. In the case of a labor dispute involving Health Plan, Kaiser Foundation Hospitals, or Medical Group, we may postpone care until the dispute is resolved if delaying your care is safe and will not result in harmful health consequences.

C. Reductions

1. Coordination of Benefits (COB)

The Services covered under this EOC are subject to Coordination of Benefit (COB) rules. If you have health care coverage with another health plan or insurance company, we will coordinate benefits with the other coverage under the COB guidelines below.

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one **Plan**. **Plan** is defined below.

The order-of-benefit determination rules govern the order in which each **Plan** will pay a claim for benefits. The **Plan** that pays first is called the **Primary plan**. The **Primary plan** must pay benefits in accordance with its policy terms without regard to the possibility that another **Plan** may cover some expenses. The **Plan** that pays after the **Primary plan** is the **Secondary plan**. The **Secondary plan** may reduce the benefits it pays so that payments from all **Plans** do not exceed 100% of the total **Allowable expense**.

DEFINITIONS

- a. A **Plan** is any of the following that provides benefits or services for medical or dental care or treatment. However, if separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - i. **Plan** includes: group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - ii. **Plan** does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under i. or ii. is a separate **Plan**. If a **Plan** has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate **Plan**.

- b. **This plan** means, in a **COB** provision, the part of the contract providing the health care benefits to which the **COB** provision applies and which may be reduced because of the benefits of other **Plans**. Any other part of the contract providing health care benefits is separate from **This plan**. A contract may apply one **COB** provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another **COB** provision to coordinate other benefits.
- c. The order-of-benefit determination rules determine whether **This plan** is a **Primary plan** or **Secondary plan** when the person has health coverage under more than one **Plan**.

When **This plan** is primary, its benefits are determined before those of any other **Plan** and without considering any other **Plan's** benefits. When **This plan** is secondary, its benefits are determined after those of another **Plan** and may be reduced because of the **Primary plan's** benefits, so that all **Plan** benefits do not exceed 100% of the total **Allowable expense**.

- d. **Allowable expense** is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any **Plan** covering the person. When a **Plan** provides benefits in the form of services, the reasonable cash value of each service will be considered an **Allowable expense** and a benefit paid. An expense that is not covered by any **Plan** covering the person is not an **Allowable expense**. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an **Allowable expense**.

The following are examples of expenses that are not **Allowable expenses**:

- i. The difference between the cost of a semi-private hospital room and a private hospital room is not an **Allowable expense**, unless one of the **Plans** provides coverage for private hospital room expenses or the patient's stay is medically necessary in terms of generally accepted medical practice or the hospital does not have a semi-private room.
- ii. If a person is covered by two or more **Plans** that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an **Allowable expense**.
- iii. If a person is covered by two or more **Plans** that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an **Allowable expense**.
- iv. If a person is covered by one **Plan** that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another **Plan** that provides its benefits or services on the basis of negotiated fees, the **Primary plan's** payment

- arrangement shall be the **Allowable expense** for all **Plans**. However, if the provider has contracted with the **Secondary plan** to provide the benefit or service for a specific negotiated fee or payment amount that is different than the **Primary plan's** payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the **Allowable expense** used by the **Secondary plan** to determine its benefits.
- v. The amount of any benefit reduction by the **Primary plan** because a covered person has failed to comply with the **Plan** provisions is not an **Allowable expense**. Examples of these types of plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.
 - e. **Claim determination period** is usually a calendar year, but a **Plan** may use some other period of time that fits the coverage of the group contract. A person is covered by a **Plan** during a portion of a **Claim determination period** if that person's coverage starts or ends during the **Claim determination period**. However, it does not include any part of a year during which a person has no coverage under **This plan**, or before the date this **COB** provision or a similar provision takes effect.
 - f. **Closed panel plan** is a **Plan** that provides health benefits to covered persons primarily in the form of services through a panel of providers that have contracted with either directly or indirectly or are employed by the **Plan**, and that limits or excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
 - g. **Custodial parent** means a parent awarded primary custody by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than one half of the calendar year without regard to any temporary visitation.

ORDER-OF-BENEFIT DETERMINATION RULES

When a person is covered by two or more **Plans**, the rules for determining the order-of-benefit payment are as follows:

- a. The **Primary plan** pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other **Plan**.
- b.
 - i. Except as provided in paragraph ii., a **Plan** that does not contain a coordination of benefits provision that is consistent with these rules is always primary unless the provisions of both **Plans** state that the complying **Plan** is primary.
 - ii. Coverage that is obtained by virtue of being members in a group, and designed to supplement part of the basic package of benefits, may provide supplementary coverage that shall be in excess of any other parts of the **Plan** provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a **Closed panel plan** to provide out-of-network benefits.
- c. A **Plan** may consider the benefits paid or provided by another **Plan** in determining its benefits only when it is secondary to that other **Plan**.
- d. Each **Plan** determines its order-of-benefits using the first of the following rules that apply:
 - i. Non-Dependent or Dependent. The **Plan** that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is the **Primary plan** and the **Plan** that covers the person as a dependent is the **Secondary plan**. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the **Plan** covering the person as a dependent; and primary to the **Plan** covering the person as other than a dependent (e.g. a retired employee); then the order-of-benefits between the two **Plans** is reversed so that the **Plan** covering the person as an employee, member, subscriber or retiree is the **Secondary plan** and the other **Plan** is the **Primary plan**.
 - ii. Dependent Child Covered Under More Than One **Plan**. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one **Plan** the order-of-benefits is determined as follows:
 - A. For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - 1. The **Plan** of the parent whose birthday (month and day) falls earlier in the calendar year is the **Primary plan**; or
 - 2. If both parents have the same birthday, the **Plan** that has covered the parent the longest is the **Primary plan**.
 - B. For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - 1. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the **Plan** of that parent has actual knowledge of those terms, that **Plan** is primary. This rule applies to plan years commencing after the **Plan** is given notice of the court decree;
 - 2. If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of Subparagraph A. above shall determine the order-of-benefits;

3. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph A. above shall determine the order-of-benefits; or
 4. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order-of-benefits for the child are as follows:
 - The **Plan** covering the **Custodial parent**;
 - The **Plan** covering the spouse of the **Custodial parent**;
 - The **Plan** covering the **non-custodial parent**; and then
 - The **Plan** covering the spouse of the **non-custodial parent**.
- C. For a dependent child covered under more than one **Plan** of individuals who are not the parents of the child, the provisions of Subparagraph A. or B. above shall determine the order-of-benefits as if those individuals were the parents of the child.
- iii. Active Employee or Retired or Laid-off Employee. The **Plan** that covers a person as an active employee, that is, an employee who is neither laid off nor retired, is the **Primary plan**. The **Plan** covering that same person as a retired or laid-off employee is the **Secondary plan**. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order-of-benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order-of-benefits.
 - iv. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another **Plan**, the **Plan** covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the **Primary plan** and the COBRA or state or other federal continuation coverage is the **Secondary plan**. If the other **Plan** does not have this rule, and as a result, the **Plans** do not agree on the order-of-benefits, this rule is ignored. This rule does not apply if the rule labeled d.1. can determine the order-of-benefits.
 - v. Longer or Shorter Length of Coverage. The **Plan** that covered the person as an employee, member, policyholder, subscriber or retiree longer is the **Primary plan** and the **Plan** that covered the person the shorter period of time is the **Secondary plan**.
 - vi. If the preceding rules do not determine the order-of-benefits, the **Allowable expenses** shall be shared equally between the **Plans** meeting the definition of **Plan**. In addition, **This plan** will not pay more than it would have paid had it been the **Primary plan**.

EFFECT ON THE BENEFITS OF THIS PLAN

- a. When **This plan** is secondary, it may reduce its benefits so that the total benefits paid or provided by all **Plans** during a plan year are not more than the total **Allowable expenses**. In determining the amount to be paid for any claim, the **Secondary plan** will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any **Allowable expense** under its **Plan** that is unpaid by the **Primary plan**. The **Secondary plan** may then reduce its payment by the amount so that, when combined with the amount paid by the **Primary plan**, the total benefits paid or provided by all **Plans** for the claim do not exceed the total **Allowable expense** for that claim. In addition, the **Secondary plan** shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- b. If a covered person is enrolled in two or more **Closed panel plans** and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one **Closed panel plan**, **COB** shall not apply between that **Plan** and other **Closed panel plans**.

RIGHT TO RECEIVE AND RELEASE NEEDED INFORMATION

Certain facts about health care coverage and services are needed to apply these **COB** rules and to determine benefits payable under **This plan** and other **Plans**. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under **This plan** and other **Plans** covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under **This plan** must give Health Plan any facts we need to apply those rules and determine benefits payable.

FACILITY OF PAYMENT

A payment made under another **Plan** may include an amount that should have been paid under **This plan**. If it does, Health Plan may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under **This plan**. Health Plan will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

RIGHT OF RECOVERY

If the amount of the payments made by Health Plan is more than it should have paid under this **COB** provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

If you have any questions about COB, please call or write **Patient Financial Services**.

2. Injuries or Illnesses Alleged to be Caused by Other Parties

You must ensure we receive the maximum reimbursement allowed by law for covered Services you receive for an injury or illness that is alleged to be caused by another party. You do not have to reimburse us more than you receive from or on behalf of any other party, insurance company or organization as a result of the injury or illness. Our right to reimbursement shall include all sources as allowed by law. This includes, but is not limited to, any recovery you receive from: (a) uninsured motorist coverage; or (b) underinsured motorist coverage; or (c) automobile medical payment coverage; or (d) workers’ compensation coverage; or (e) any other liability coverage; or (f) any responsible party or entity.

Note: This “Injuries or Illnesses Alleged to be Caused by Other Parties” section does not affect your obligation to pay your Copayment, Coinsurance, and/or Deductible for these Services. The amount of reimbursement due the Plan is not limited by or subject to the Out-of-Pocket Maximum provision.

To the extent allowed by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by the other party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney.

We shall have a first priority lien on the proceeds of any judgment or settlement, whether by compromise or otherwise, you obtain against or from any other party, entity or insurer, regardless of whether the other party, entity or insurer admits fault. Proceeds of such judgment, award or settlement in your or your attorney’s possession shall be held in trust for our benefit.

Within 30 days after submitting or filing a claim or legal action against another party, entity or insurer, you must send written notice of the claim or legal action to:

Equian, LLC
Attn: Subrogation Operations
PO Box 36380
Louisville, KY 40233
Fax: 502-214-1291

For us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send to Equian: all consents; releases; authorizations; assignments; and other documents, including lien forms directing your attorney, any other party or entity and any respective insurer to pay us or our legal representatives directly. You must cooperate to protect our interests under this “Injuries or Illnesses Alleged to be Caused by Other Parties” provision and must not take any action prejudicial to our rights.

If your estate, parent, guardian or conservator asserts a claim against another party, entity or insurer based on your injury or illness, your estate, parent, guardian or conservator and any settlement or judgment recovered by the estate, parent, guardian or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim. We may assign our rights to enforce our liens and other rights.

Some providers have contracted with Kaiser Permanente to provide certain Services to Members at rates that are typically less than the fees that the providers normally charge to the general public (“General Fees”). However, these contracts may allow providers to assert any independent lien rights they may have to recover their General Fees from a judgment or settlement that you receive from or on behalf of another party, entity or insurer. For Services the provider furnished, our recovery and the provider’s recovery together will not exceed the provider’s General Fees.

If you are entitled to Medicare, Medicare law may apply with respect to Services covered by Medicare.

3. Traditional or Gestational Surrogacy

In situations where you receive monetary compensation to act as either a traditional or gestational surrogate, Health Plan will seek reimbursement for covered Services you receive that are associated with conception, pregnancy and/or delivery of the child, except that we will recover no more than half of the monetary compensation you receive. A surrogate arrangement is one in which a woman agrees to become pregnant and to surrender the baby to another person or persons who intend to raise the child. This section applies to any person who is impregnated by artificial insemination, intrauterine insemination, in vitro fertilization or through the surgical implantation of a fertilized egg of another person and applies to both traditional surrogacy and gestational carriers.

Note: This "Traditional or Gestational Surrogacy" section does not affect your obligation to pay your Copayment, Coinsurance, and/or Deductible for these Services.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receives, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receives
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

Equian, LLC
Attn: Surrogacy Subrogation Operations
PO Box 36380
Louisville, KY 40233
Fax: 502-214-1291

V. MEMBER PAYMENT RESPONSIBILITY

Information on Member payment responsibility, including applicable Deductibles, annual Out-of-Pocket Maximum, Copayments, and Coinsurance, is located in the "Schedule of Benefits (Who Pays What)." Payment responsibility information for Emergency Services and urgent care is located in the "Benefits/Coverage (What is Covered)" section. For additional questions, contact **Member Services**.

Our contracts with Plan Providers provide that you are not liable for any amounts we owe them for covered Services. However, you may be liable for the cost of non-covered Services or Services you obtain from non-Plan Providers. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered Services you receive from that provider, in excess of any applicable Deductibles, Copayments, or Coinsurance amounts, until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.

VI. CLAIMS PROCEDURE (HOW TO FILE A CLAIM)

Plan Providers submit claims for payment for covered Services directly to Health Plan. For general information on claims, and how to submit pre-service claims, concurrent care claims, and post-service claims, see the "Appeals and Complaints" section. For covered Services by non-Plan Providers, you may need to submit a claim on your own. Contact **Member Services** for more information on how to submit such claims. Health Plan complies with the time frames for resolution and payment of filed claims as required by state law.

VII. GENERAL POLICY PROVISIONS

A. Access Plan

Colorado law requires that an Access Plan be available that describes Kaiser Foundation Health Plan of Colorado's network of provider Services. To obtain a copy, please call **Member Services**.

B. Access to Services for Foreign Language Speakers

1. **Member Services** will provide a telephone interpreter to assist Members who speak limited or no English.
2. Plan Physicians have telephone access to interpreters in over 150 languages.

C. Administration of Agreement

We may adopt reasonable policies, procedures, and interpretations to promote efficient administration of the Group Agreement and this EOC.

D. Advance Directives

Federal law requires Kaiser Permanente to tell you about your right to make health care decisions.

Colorado law recognizes the right of an adult to accept or reject medical treatment, artificial nourishment and hydration, and cardiopulmonary resuscitation. Each adult has the right to establish, in advance of the need for medical treatment, any directives and instructions for the administration of medical treatment in the event the person lacks the decisional capacity to provide informed consent to or refusal of medical treatment. (Colorado Revised Statutes, Section 15-14-504)

Kaiser Permanente will not discriminate against you whether or not you have an advance directive. We will follow the requirements of Colorado law respecting advance directives. If you have an advance directive, please give a copy to the Kaiser Permanente medical records department or to your provider.

A health care provider or health care facility shall provide for the prompt transfer of the principal to another health care provider or health care facility if such health care provider or health care facility wishes not to comply with an agent's medical treatment decision on the basis of policies based on moral convictions or religious beliefs. (Colorado Revised Statutes, Section 15-14-507)

Two (2) brochures are available: *Your Right to Make Health Care Decisions* and *Making Health Care Decisions*. For copies of these brochures or for more information, please call **Member Services**.

E. Agreement Binding on Members

By electing coverage or accepting benefits under this EOC, all Members legally capable of contracting, and the legal representatives of all Members incapable of contracting, agree to all provisions of this EOC.

F. Amendment of Agreement

Your Group's Agreement with us will change periodically. If these changes affect this EOC, your Group is required to notify you of them. If it is necessary to make revisions to this EOC, we will issue revised materials to you.

G. Applications and Statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this EOC.

H. Assignment

You may assign, in writing, payments due under the policy to a licensed hospital, other licensed health care provider, an occupational therapist, or a massage therapist, for covered Services provided to you. You may not assign this EOC or any other rights, interests, or obligations hereunder without our prior written consent.

I. Attorney Fees and Expenses

In any dispute between a Member and Health Plan or Plan Providers, each party will bear its own attorneys' fees and other expenses.

J. Claims Review Authority

We are responsible for determining whether you are entitled to benefits under this EOC. We have the authority to review and evaluate claims that arise under this EOC. We conduct this evaluation independently by interpreting the provisions of this EOC. If this EOC is part of a health benefit plan that is subject to the Employee Retirement Income Security Act (ERISA), then we are a "named fiduciary" to review claims under this EOC.

K. Contracts with Plan Providers

Plan Providers are paid in a number of ways, including: salary; capitation; per diem rates; case rates; fee for service; and incentive payments. If you would like further information about the way Plan Providers are paid to provide or arrange medical and hospital care for Members, please call **Member Services**.

Our contracts with Plan Providers provide that you are not liable for any amounts we owe. However, you may be liable for the cost of non-covered Services or Services you obtain from non-Plan Providers. If our contract with any Plan Provider terminates while you are under the care of that provider, we will retain financial responsibility for covered Services you receive from that provider, in excess of any applicable Copayments and Coinsurance, until we make arrangements for the Services to be provided by another Plan Provider and so notify the Subscriber.

L. Governing Law

Except as preempted by federal law, this EOC will be governed in accordance with Colorado law. Any provision that is required to be in this EOC by state or federal law shall bind Members and Health Plan whether or not set forth in this EOC.

M. Group and Members are not Health Plan's Agents

Neither your Group nor any Member is the agent or representative of Health Plan.

N. No Waiver

Our failure to enforce any provision of this EOC will not constitute a waiver of that or any other provision, or impair our right thereafter to require your strict performance of any provision.

O. Nondiscrimination

We do not discriminate in our employment practices or in the delivery of health care Services on the basis of age, race, color, national origin, religion, sex, sexual orientation, or physical or mental disability.

P. Notices

Our notices to you will be sent to the most recent address we have for the Subscriber. The Subscriber is responsible for notifying us of any change in address. Members who move should call **Member Services** as soon as possible to give us their new address.

Q. Out-of-Pocket Maximum Takeover Credit

Out-of-Pocket Maximum Takeover Credit is a one-time event which may occur at the point of the initial open enrollment. It applies only to:

1. Members of new groups enrolling with Kaiser Foundation Health Plan of Colorado for the first time. (In this situation, Members must have been covered under one of the group's other carriers at the time of the group's enrollment.)
2. Members of new or current groups who move from non-sole carrier status to sole-carrier status with Kaiser Foundation Health Plan of Colorado. Non-sole carrier status refers to when an employee has the option of choosing a group health plan either through Kaiser Foundation Health Plan of Colorado or through another carrier. (In this situation, Members must have been covered under one of the group's other carriers at the time the group moved to sole-carrier status.)

A credit may be applied toward your Out-of-Pocket Maximum with Health Plan for certain eligible expenses accumulated toward your out-of-pocket maximum under your prior coverage. In order for expenses to be considered for this credit, you must submit an Explanation of Benefits ("EOB") issued by your prior carrier showing that the expense was applied toward your out-of-pocket maximum under your prior coverage. All such expenses must be for Services that are covered and subject to the Out-of-Pocket Maximum under this EOC.

For groups with effective dates of coverage during the months of April through December, expenses incurred from January 1 of the current year through the effective date of coverage with Kaiser Foundation Health Plan of Colorado may be eligible for credit.

For groups with effective dates of coverage during the months of January through March, expenses incurred up to 90 days prior to the effective date of coverage with Kaiser Foundation Health Plan may be eligible for credit.

You must submit all claims for Out-of-Pocket Maximum Takeover Credit within 90 days from the effective date of coverage with Health Plan. To submit a claim, send all EOBs along with a completed Prior Carrier Information Cover Form to the **Kaiser Permanente Claims Department**. To get a copy of the Prior Carrier Information Cover Form, please call the **Claims Department**.

R. Overpayment Recovery

We may recover any overpayment we make for Services from anyone who receives such an overpayment, or from any person or organization obligated to pay for the Services.

S. Privacy Practices

Kaiser Permanente will protect the privacy of your Protected Health Information (PHI). We also require contracting providers to protect your PHI. PHI is health information that includes your name, Social Security number or other information that reveals who you are. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, and health care operations purposes, including health research and measuring the quality of care and Services. We are sometimes required by law to give PHI to government agencies or in judicial actions. In addition, we may share your PHI with employers only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices* (see below). Giving us authorization is at your discretion.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices* explains our privacy practices in detail. To request a copy, please call Member Services. You can also find the *Notice of Privacy Practices* on our website at kp.org.

T. Value-Added Services

In addition to the Services we cover under this EOC, we make available a variety of value-added services. Value-added services are not covered by your plan. They are intended to give you more options for a healthy lifestyle. Examples may include:

1. Certain health education classes not covered by your plan;
2. Certain health education publications;
3. Discounts for fitness club memberships;
4. Health promotion and wellness programs; and
5. Rewards for participating in those programs.

Some of these value-added services are available to all Members. Others may be available only to Members enrolled through certain groups or plans. To take advantage of these services, you may need to:

1. Show your Health Plan ID card, and
2. Pay the fee, if any,

to the company that provides the value-added service. Because these services are not covered by your plan, any fees you pay will not count toward any coverage calculations, such as Deductible or Out-of-Pocket Maximum.

To learn about value-added services and which ones are available to you, please check our website, kp.org.

These value-added services are neither offered nor guaranteed under your Health Plan coverage. Health Plan may change or discontinue some or all value-added services at any time and without notice to you. Value-added services are not offered as inducements to purchase a health care plan from us. Although value-added services are not covered by your plan, we may have included an estimate of their cost when we calculated Premiums.

Health Plan does not endorse or make any representations regarding the quality or medical efficacy of value-added services, or the financial integrity of the companies offering them. We expressly disclaim any liability for the value-added services provided by these companies. If you have a dispute regarding a value-added service, you must resolve it with the company offering such service. Although Health Plan has no obligation to assist with this resolution, you may call **Member Services**, and a representative may try to assist in getting the issue resolved.

U. Women's Health and Cancer Rights Act

In accordance with the "Women's Health and Cancer Rights Act of 1998," and as determined in consultation with the attending physician and the patient, we provide the following coverage after a mastectomy:

1. Reconstruction of the breast on which the mastectomy was performed.
2. Surgery and reconstruction of the other breast to produce a symmetrical (balanced) appearance.
3. Prostheses (artificial replacements).
4. Services for physical complications resulting from the mastectomy.

VIII. TERMINATION/NONRENEWAL/CONTINUATION

Your Group is required to inform the Subscriber of the date coverage terminates. If your membership terminates, all rights to benefits end at 11:59 p.m. on the termination date. Dependents' memberships end at the same time the Subscriber's membership ends. You will be billed as a non-Member for any Services you receive after your membership terminates. Health Plan and Plan Providers have no further responsibility under this EOC after your membership terminates, except as provided under "Termination of Group Agreement" in this "Termination of Membership" section.

This section describes: how your membership may end; and explains how you may maintain Health Plan coverage if your membership under this EOC ends.

A. Termination Due to Loss of Eligibility

If you no longer meet the eligibility requirements in the "Eligibility" section, we or your Group will provide 30 days' advance written notice of termination.

B. Termination of Group Agreement

If your Group's Agreement with us terminates for any reason, your membership ends on the same date.

If your Group's Agreement terminates for reasons other than nonpayment of Premiums, fraud or abuse, while you are inpatient in a hospital or institution, your coverage will continue until your date of discharge.

C. Termination for Cause

We may terminate the memberships in your Family Unit if anyone in your Family Unit commits any of the following acts.

1. We will send written notice that will include the reason for termination to the Subscriber at least 30 days before the termination date if:
 - a. You are disruptive, unruly, or abusive so that Health Plan's or a Plan Provider's ability to provide Services to you, or to other Members, is seriously impaired; or
 - b. You fail to establish and maintain a satisfactory provider-patient relationship, after the Plan Provider has made reasonable efforts to promote such a relationship; or
2. We will send written notice that will include the reason for termination to the Subscriber at least 30 days before the termination date if:
 - a. You knowingly: (a) misrepresent membership status; (b) present an invalid prescription or physician order; (c) misuse (or let someone else misuse) a Health Plan ID card; or (d) commit any other type of fraud in connection with your membership (including your enrollment application), Health Plan or a Plan Provider; or
 - b. You knowingly: furnish incorrect or incomplete information to us; or fail to notify us of changes in your family status or Medicare coverage that may affect your eligibility or benefits.

Termination of membership for any one of these reasons applies to all members of your Family Unit. All rights to benefits cease on the date of termination. You will be billed as a non-Member for any Services received after the termination date. You have the right to appeal such a termination. To appeal, please call **Member Services**; or you can call the Colorado Division of Insurance.

We may report any member fraud to the authorities for prosecution. We may also pursue appropriate civil remedies.

D. Termination for Nonpayment

You are entitled to coverage only for the period for which we have received the appropriate Premiums from your Group. If your Group fails to pay us the appropriate Premiums for your Family Unit, we will terminate the memberships of everyone in your Family Unit.

After termination of your enrollment for nonpayment of Premiums, Health Plan may require payment of any outstanding Premiums for prior coverage if permitted by applicable law.

E. Termination of a Product or all Products (applies to non-grandfathered health plans only)

We may terminate a particular product or all products offered in the group market as permitted or required by law. If we discontinue offering a particular product in the group market, we will terminate just the particular product by sending you written notice at least 90 days before the product terminates. If we discontinue offering all products in the group market, we may terminate your Group's Agreement by sending you written notice at least 180 days before the Agreement terminates.

F. Rescission of Membership

We may rescind your membership after it is effective if you or anyone on your behalf did one of the following with respect to your membership (or application) prior to your membership effective date:

1. Performed an act, practice, or omission that constitutes fraud; or
2. Misrepresented a material fact with intent, such as an omission on the application.

We will send written notice to the Subscriber in your Family at least 30 days before we rescind your membership. The rescission will cancel your membership so no coverage ever existed. You will be required to pay as a non-Member for any Services we covered. We will refund all applicable Premiums, less any amounts you owe us.

G. Continuation of Group Coverage Under Federal Law, State Law or USERRA

1. Federal Law (COBRA)

You may be able to continue your coverage under this EOC for a limited time after you would otherwise lose eligibility, if required by the federal COBRA law. Please contact your Group if you want to know how to elect COBRA coverage or how much you will have to pay your Group for it.

2. State Law

If you are not eligible to continue uninterrupted group coverage under federal law (COBRA), you may be eligible to continue group coverage under Colorado law. Colorado law states that if you have been a Member for at least six (6) consecutive months immediately prior to termination of employment, continue to meet the eligibility requirements of Group and Health Plan and continue to pay applicable monthly Premiums to your Group, you may continue uninterrupted group coverage. If loss of eligibility occurs because of the following reasons, you and/or your Dependents may continue group coverage subject to the terms below:

- a. Your coverage is through a Subscriber who dies, divorces or legally separates, or becomes entitled to Medicare or Medicaid benefits; or
- b. You are a Subscriber (or your coverage is through a Subscriber) whose employment terminates, including voluntary termination or layoff, or whose hours of employment have been reduced.

You may enroll children born or placed for adoption with you during the period of continuation coverage. The enrollment and effective date shall be as specified under the "Eligibility" section.

To continue coverage, you must request continuation of group coverage on a form furnished by and returned to your Group along with payment of applicable Premiums, no later than 30 days after the date on which your Group coverage would otherwise terminate.

Termination of State Continuation Coverage. Continuation of coverage under this provision continues upon payment of the applicable Premiums to your Group and terminates on the earlier of:

- a. 18 months after your coverage would have otherwise terminated because of termination of employment; or
- b. The date you become covered under another group medical plan; or
- c. The date Health Plan terminates its contract with the Group.

We may terminate your continuation coverage if payment is not received when due.

If you have chosen an alternate health care plan offered through your Group but elect during open enrollment to receive continuation coverage through Health Plan, you will only be entitled to continued coverage for the remainder of the 18-month maximum coverage period.

3. USERRA

If you are called to active duty in the uniformed services, you may be able to continue your coverage under this EOC for a limited time after you would otherwise lose eligibility, if required by the federal USERRA law. You must submit a USERRA election form to your Group within 60 days after your call to active duty. Please contact your Group if you want to know how to elect USERRA coverage or how much you will have to pay your Group for it.

H. Moving to Another Kaiser Regional Health Plan Service Area

You must notify us immediately if you permanently move outside the Service Area. If you move to another Kaiser regional health plan service area, you should contact your Group's benefits administrator before you move to learn about your Group health care options. You will be terminated from this plan, but you may be able to transfer your group membership if there is an arrangement with your Group in the new service area. However, eligibility requirements, benefits, Premiums, Copayments and Coinsurance may not be the same in the other service area.

IX. APPEALS AND COMPLAINTS

A. Claims and Appeals

Health Plan will review claims and appeals, and we may use medical experts to help us review them. The following terms have the following meanings when used in this "Appeals and Complaints" section:

1. A **claim** is a request for us to:
 - a. provide or pay for a Service that you have not received (pre-service claim),
 - b. continue to provide or pay for a Service that you are currently receiving (concurrent care claim), or
 - c. pay for a Service that you have already received (post-service claim).
2. An **adverse benefit determination** is our decision to do any of the following:
 - a. deny your claim, in whole or in part, including (1) a denial, in whole or in part, of a pre-service claim (preauthorization for a Service), a concurrent care claim (continue to provide or pay for a Service that you are currently receiving) or a post-service claim (a request to pay for a Service) in whole or in part; (2) a denial of a request for Services on the ground that the Service is not Medically Necessary, appropriate, effective or efficient or is not provided in or at the appropriate health care setting or level of care; or, (3) a denial of a request for Services on the ground that the Service is experimental or investigational,
 - b. terminate your membership retroactively except as the result of non-payment of Premiums (also called rescission or cancellation retroactively),
 - c. deny your (or, if applicable, your dependent's) application for individual plan coverage,
 - d. uphold our previous adverse benefit determination when you appeal.

In addition, when we deny a request for medical care because it is excluded under this EOC, and you present evidence from a Colorado medical professional that there is a reasonable medical basis that the contractual exclusion does not apply to the denied medical care, then our denial shall be considered an adverse benefit determination

3. An **appeal** is a request for us to review our initial adverse benefit determination.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur, you must exhaust the internal claims and appeals procedure as described in this "Appeals and Complaints" section unless we fail to follow the claims and appeals process described in this Section IX.

Reviewing Information Regarding Your Claim

If you want to review the information that we have collected regarding your claim, you may request, and we will provide without charge, copies of all relevant documents, records, and other information. You may request our Authorization for Release of Appeal Information form by calling the **Appeals Program**.

You also have the right to request any diagnosis and treatment codes and their meanings that are the subject of your claim. To make a request, you should contact **Member Services**.

Providing Additional Information Regarding Your Claim and/or Appeal

When you appeal, you may send us additional information including comments, documents, and additional medical records that you believe support your claim. If we asked for additional information and you did not provide it before we made our initial decision about your claim, then you may still send us the additional information so that we may include it as part of our review of your appeal, if you ask for one. Please send all additional information to the Department that issued the adverse benefit determination.

When you appeal, you may give testimony in writing or by telephone. Please send your written testimony to the **Appeals Program**. To arrange to give testimony by telephone, you should contact the **Appeals Program**.

We will add the information that you provide through testimony or other means to your claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding your claim.

Sharing Additional Information That We Collect

If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue our next adverse benefit determination we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our next decision, that decision will be based on the information already in your claim file.

Internal Claims and Appeals Procedures

There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this Internal Claims and Appeals Procedures section:

1. Pre-service claims (urgent and non-urgent)
2. Concurrent care claims (urgent and non-urgent)
3. Post-service claims

In addition, there is a separate appeals procedure for adverse benefit determinations due to a retroactive termination of membership (rescission) or a denial of an application for individual plan coverage.

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will he/she be the subordinate of someone who did participate in our original decision.

1. Pre-Service Claims and Appeals

Pre-service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive Authorization before receiving a Service that must be authorized or pre-certified in order to be a covered Service may be the basis for our denial of your pre-service claim. If you receive any of the Services you are requesting before we make our decision, your pre-service claim or appeal will become a post-service claim or appeal with respect to those Services. If you have any general questions about pre-service claims or appeals, please call **Member Services**.

Here are the procedures for filing a pre-service claim, a non-urgent pre-service appeal, and an urgent pre-service appeal.

a. Pre-Service Claim

Tell Health Plan in writing that you want us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You must either mail or fax your claim to **Member Services**.

If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent unless your attending health care provider tells us your claim is urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you have a physical or mental disability, creates an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting. We

may, but are not required to, waive the requirements related to an urgent claim and appeal, to permit you to pursue an expedited external review.

We will review your claim and, if we have all the information we need, we will make a decision within a reasonable period of time but not later than 15 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, so long as we notify you prior to the expiration of the initial 15-day period and explain the circumstances for which we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information within 15 days of receiving your claim, and we will give you 45 days to send the information. We will make a decision within 15 days after we receive the first piece of information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider all of the information that you send us when we make our decision. If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 15 days following the end of the 45-day period.

We will send written notice of our decision to you and, if applicable to your provider. Please let us know if you wish to have our decision sent to your provider.

If your pre-service claim was considered on an urgent basis, we will notify you of our decision (whether adverse or not) orally or in writing within a timeframe appropriate to your clinical condition but not later than 72 hours after we receive your claim. Within 24 hours after we receive your claim, we may ask you for more information. We will notify you of our decision within 48 hours of receiving the first piece of requested information. If we do not receive any of the requested information, then we will notify you of our decision within 48 hours after making our request. If we notify you of our decision orally, we will send you written confirmation within three (3) days after that.

If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Non-Urgent Pre-Service Appeal

Within 180 days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our denial of your pre-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or relevant symptoms, (3) the specific Service that you are requesting, (4) all of the reasons why you disagree with our adverse benefit denial, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You must either mail or fax your appeal to the **Appeals Program**.

We will schedule an appeal meeting in a timeframe that permits us to decide your appeal in a timely manner. You may be present for the appeal meeting in person or by telephone conference and you may bring counsel, advocates and health care professionals to the appeal meeting. Unless you request to be present for the appeal meeting in person or by telephone conference, we will conduct your appeal as a file review. You may present additional materials at the appeal meeting. The members of the appeals committee who will review your appeal will consider this additional material. Upon request, we will provide copies of all information that we intend to present at the appeal meeting at least 5 days prior to the meeting, unless any new material is developed after that 5 day deadline. You will have the option to elect to have a recording made of the appeal meeting, if applicable, and if you elect to have the meeting recorded, we will make a copy available to you.

We will review your appeal and send you a written decision within a reasonable period of time that is appropriate given your medical condition but not more than 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

c. Urgent Pre-Service Appeal

Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the specific Service that you are requesting, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You may submit your appeal orally, by mail or by fax to the **Appeals Program**.

When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Appeals and Complaints” section), if our internal appeal decision is not in your favor.

We will decide whether your appeal is urgent or non-urgent unless your attending health care provider tells us your appeal is urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an

appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you have a physical or mental disability, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting. We may, but are not required to, waive the requirements related to an urgent appeal to permit you to pursue an expedited external review.

You do not have the right to attend or have counsel, advocates and health care professionals in attendance at the expedited review. You are, however, entitled to submit written comments, documents, records and other materials for the reviewer or reviewers to consider; and receive, upon request and free of charge, copies of all documents, records and other information regarding your request for benefits.

We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but not later than 72 hours after we received your appeal. If we notify you of our decision orally, we will send you a written confirmation within three (3) days after that.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

2. Concurrent Care Claims and Appeals.

Concurrent care claims are requests that Health Plan continue to provide, or pay for, an ongoing course of covered treatment or Services for a period of time or number of treatments or Services, when the course of treatment already being received will end. If you have any general questions about concurrent care claims or appeals, please call **Member Services**.

Unless you are appealing an urgent care concurrent claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you then appeal our decision (an adverse benefit determination), then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then we will only pay for the continuation of Services until we notify you of our appeal decision.

Here are the procedures for filing a concurrent care claim, a non-urgent concurrent care appeal, and an urgent concurrent care appeal:

a. Concurrent Care Claim

Tell us in writing that you want to make a concurrent care claim for an ongoing course of covered treatment. Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must either mail or fax your claim to **Member Services**.

If you want us to consider your claim on an urgent basis and you contact us at least 24 hours before your care ends, you may request that we review your concurrent claim on an urgent basis. We will decide whether your claim is urgent or non-urgent unless your attending health care provider tells us your claim is urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life, health or ability to regain maximum function or if you have a physical or mental disability, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without extending your course of covered treatment. We may, but are not required to, waive the requirements related to an urgent claim or an appeal thereof, to permit you to pursue an expedited external review.

We will review your claim, and if we have all the information we need we will make a decision within a reasonable period of time. If you submitted your claim 24 hours or more before your care is ending, we will make our decision before your authorized care actually ends (that is, within 24 hours of receipt of your claim). If your authorized care ended before you submitted your claim, we will make our decision within a reasonable period of time but no later than 15 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, if we send you notice before the initial 15 days end and explain why we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information before the initial decision period ends, and we will give you until your care is ending or, if your care has ended, 45 days to send us the information. We will make our decision as soon as possible, if your care has not ended, or within 15 days after we first receive any information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within the stated timeframe after we send our request, we will make a decision based on the information we have within the appropriate timeframe, not to exceed 15 days following the end of the 45 days that we gave you for sending the additional information.

We will send written notice of our decision to you and, if applicable to your provider, upon request. Please let us know if you wish to have our decision sent to your provider.

If we consider your concurrent claim on an urgent basis, we will notify you of our decision orally or in writing as soon as your clinical condition requires, but not later than 24 hours after we received your appeal. If we notify you of our decision orally, we will send you written confirmation within three (3) days after receiving your claim.

If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment or Services), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Non-Urgent Concurrent Care Appeal

Within 180 days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our adverse benefit determination. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the ongoing course of covered treatment that you want to continue or extend, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and all supporting documents constitute your appeal. You must either mail or fax your appeal to the **Appeals Program**.

We will schedule an appeal meeting in a timeframe that permits us to decide your appeal in a timely manner. You may be present for the appeal meeting in person or by telephone conference and you may bring counsel, advocates and health care professionals to the appeal meeting. Unless you request to be present for the appeal meeting in person or by telephone conference, we will conduct your appeal as a file review. You may present additional materials at the appeal meeting. The members of the appeals committee who will review your appeal will consider this additional material. Upon request, we will provide copies of all information that we intend to present at the appeal meeting at least 5 days prior to the meeting, unless any new material is developed after that 5 day deadline. You will have the option to elect to have a recording made of the appeal meeting, if applicable, and if you elect to have the meeting recorded, we will make a copy available to you.

We will review your appeal and send you a written decision as soon as possible if your care has not ended but not later than 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

c. Urgent Concurrent Care Appeal

Tell us that you want to urgently appeal our adverse benefit determination regarding your urgent concurrent claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the ongoing course of covered treatment that you want to continue or extend, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) all supporting documents. Your request and the supporting documents constitute your appeal. You may submit your appeal orally, by mail or by fax to the **Appeals Program**.

When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your concurrent care claim qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Appeals and Complaints” section).

We will decide whether your appeal is urgent or non-urgent unless your attending health care provider tells us your appeal is urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life, health, or ability to regain maximum function or if you have a physical or mental disability, create an imminent and substantial limitation on your existing ability to live independently; or (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without continuing your course of covered treatment. We may, but are not required to, waive the requirements related to an urgent appeal to permit you to pursue an expedited external review.

You do not have the right to attend or have counsel, advocates and health care professionals in attendance at the expedited review. You are, however, entitled to submit written comments, documents, records and other materials for the reviewer or reviewers to consider; and receive, upon request and free of charge, copies of all documents, records and other information regarding your request for benefits.

We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three (3) days after that.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

3. Post-Service Claims and Appeals

Post-service claims are requests that we pay for Services you already received, including claims for out-of-Plan Emergency Services. If you have any general questions about post-service claims or appeals, please call **Member Services**.

Here are the procedures for filing a post-service claim and a post-service appeal:

a. Post-Service Claim

Within twelve (12) months from the date you received the Services, mail us a letter explaining the Services for which you are requesting payment. Provide us with the following: (1) the date you received the Services, (2) where you received them, (3) who provided them, and (4) why you think we should pay for the Services. You must include a copy of the bill, your medical record(s) and any supporting documents. Your letter and the related documents constitute your claim. Or, you may contact **Member Services** to obtain a claims form. You must either mail or fax your claim to the **Claims Department**.

We will not accept or pay for claims received from you after twelve (12) months from the date of Services.

We will review your claim, and if we have all the information we need we will send you a written decision within 30 days after we receive your claim. We may extend the time for making a decision for an additional 15 days if circumstances beyond our control delay our decision, if we notify you within 15 days after we receive your claim and explain the circumstances for which we need the extra time and when we expect to make a decision. If we tell you we need more information, we will ask you for the information, and we will give you 45 days to send us the information. We will make a decision within 15 days after we receive the first piece of information (including documents) we requested. We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision. If we do not receive any of the requested information (including documents) within 45 days after we send our request, we will make a decision based on the information we have within 15 days following the end of the 45-day period.

If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

b. Post-Service Appeal

Within 180 days after you receive our adverse benefit determination, tell us in writing that you want to appeal our denial of your post-service claim. Please include the following: (1) your name and Medical Record Number, (2) your medical condition or symptoms, (3) the specific Services that you want us to pay for, (4) all of the reasons why you disagree with our adverse benefit determination, and (5) include all supporting documents such as medical records. Your request and the supporting documents constitute your appeal. You must either mail or fax your appeal to the **Appeals Program**.

We will schedule an appeal meeting in a timeframe that permits us to decide your appeal in a timely manner. You may be present for the appeal meeting in person or by telephone conference, and you may bring counsel, advocates and health care professionals to the appeal meeting. Unless you request to be present for the appeal meeting in person or by telephone conference, we will conduct your appeal as a file review. You may present additional materials at the appeal meeting. The appeals committee members who will review your appeal (who were not involved in our original decision regarding your claim) will consider this additional material. Upon request, we will provide copies of all information that we intend to present at the appeal meeting at least 5 days prior to the meeting, unless any new material is developed after that 5 day deadline. You will have the option to elect to have a recording made of the appeal meeting, if applicable, and if you elect to have the meeting recorded, we will make a copy available to you.

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

Voluntary Second Level of Appeal

Within 60 days after you receive our adverse decision regarding your appeal, you may ask us to review our adverse benefit decisions again. We will schedule a review of your second appeal within 60 days of receiving your request, and we will notify you about the date and time of this review no less than 20 days before it occurs. You have the right to request a postponement. You have the right to appear in person or by telephone conference at the meeting. We will make our decision within 7 days of the completion of this meeting.

Appeals of Retroactive Membership Termination (rescission or cancellation retroactively)

We may terminate your membership retroactively (see “Rescission of Membership” under the “Termination/Nonrenewal/Continuation” section). We will send you written notice at least 30 days prior to the termination. If you have general questions about retroactive membership terminations or appeals, please call **Member Services**.

Here is the procedure for filing an appeal of a retroactive membership termination:

Within 180 days after you receive our adverse benefit determination that your membership will be terminated retroactively, you must tell us in writing that you want to appeal our termination of your membership retroactively. Please include the following: (1) your name and Medical Record Number, (2) all of the reasons why you disagree with our retroactive membership termination, and (3) all supporting documents. Your request and the supporting documents constitute your appeal. You must mail your appeal to **Member Services**.

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

Appeals of Denial of Individual Plan Application

Here is the procedure for filing an appeal of our denial of an individual plan application:

Within 180 days after you receive our adverse benefit determination regarding your individual plan application, you must tell us in writing that you want to appeal our denial of an individual plan application. Please include the following: (1) your name and application reference number, (2) all of the reasons why you disagree with our adverse benefit determination, and (3) all supporting documents. Your request and the supporting documents constitute your appeal. You must mail your appeal to:

Member Services
P.O. Box 203004
Denver, CO 80220-9004

We will review your appeal and send you a written decision within 30 days after we receive your appeal.

If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review that may be available to you.

External Review

Following receipt of an adverse decision letter regarding your First Level Appeal or Voluntary Second Level Appeal, you may have a right to request an external review.

You have the right to request an independent external review of our decision if our decision involves an adverse benefit determination regarding a denial of a claim, in whole or in part, that is (1) a denial of a preauthorization for a Service; (2) a denial of a request for Services on the ground that the Service is not Medically Necessary, appropriate, effective or efficient or is not provided in or at the appropriate health care setting or level of care; and/or (3) a denial of a request for Services on the ground that the Service is experimental or investigational. If our final adverse decision does not involve an adverse benefit determination described in the preceding sentence, then your claim is **not** eligible for external review provided, however, independent external review is available when we deny your appeal because you request medical care that is excluded under your Kaiser Permanente plan and you present evidence from a licensed Colorado professional that there is a reasonable medical basis that the exclusion does not apply.

You will not be responsible for the cost of the external review. There is no minimum dollar amount for a claim to be eligible for an external review.

To request external review, you must:

1. Submit a completed Independent External Review of Carrier's Final Adverse Determination form which will be included with the mandatory internal appeal decision letter and explanation of your appeal rights (you may call the **Appeals Program** to request a copy of this form) to the **Appeals Program** within four (4) months of the date of receipt of the mandatory internal appeal decision or Voluntary Second Level Appeal decision. We shall consider the date of receipt for our notice to be three (3) days after the date on which our notice was drafted, unless you can prove that you received our notice after the three (3) day period ends.
2. Include in your written request a statement authorizing us to release your claim file with your health information including your medical records; or, you may submit a completed Authorization for Release of Appeal Information form which is included with the mandatory internal appeal decision letter and explanation of your appeal rights (you may call **Appeals Program** to request a copy of this form).

If we do not receive your external review request form and/or authorization form to release your health information, then we will not be able to act on your request. We must receive all of this information prior to the end of the applicable timeframe (4 months) for your request of external review.

Expedited External Review

You may request an expedited review if (1) you have a medical condition for which the timeframe for completion of a standard review would seriously jeopardize your life, health, or ability to regain maximum function, or, if you have a physical or mental disability, would create an imminent and substantial limitation to your existing ability to live independently, or (2) in the opinion of a physician with knowledge of your medical condition, the timeframe for completion of a standard review would subject you to severe pain that cannot be adequately managed without the medical services that

you are seeking. A request for an expedited external review must be accompanied by a written statement from your physician that your condition meets the expedited criteria. You must include the physician's certification that you meet expedited external review criteria when you submit your request for external review along with the other required information (described, above).

Additional Requirements for External Review regarding Experimental or Investigational Services

You may request external review or expedited external review involving an adverse benefit determination based upon the Service being experimental or investigational. Your request for external review or expedited external review must include a written statement from your physician that either (a) standard health care services or treatments have not been effective in improving your condition or are not medically appropriate for you, or (b) there is no available standard health care service or treatment covered under this EOC that is more beneficial than the recommended or requested health care service (the physician must certify that scientifically valid studies using accepted protocols demonstrate that the requested health care service or treatment is more likely to be more beneficial to you than an available standard health care services or treatments), and the physician is a licensed, board-certified, or board-eligible physician to practice in the area of medicine to treat your condition. If you are requesting expedited external review, then your physician must also certify that the requested health care service or treatment would be less effective if not promptly initiated. These certifications must be submitted with your request for external review.

No expedited external review is available when you have already received the medical care that is the subject of your request for external review. If you do not qualify for expedited external review, we will treat your request as a request for standard external review.

After we receive your request for external review, we shall notify you of the information regarding the independent external review entity that the Division of Insurance has selected to conduct the external review.

If we deny your request for standard or expedited external review, including any assertion that we have not complied with the applicable requirements related to our internal claims and appeals procedure, then we may notify you in writing and include the specific reasons for the denial. Our notice will include information about your right to appeal the denial to the Division of Insurance. At the same time that we send this denial notice to you, we will send a copy of it to the Division of Insurance.

You will not be able to present your appeal in person to the independent external review organization. You may, however, send any additional information that is significantly different from information provided or considered during the internal claims and appeal procedure and, if applicable Voluntary Second Level of Appeal process. If you send new information, we may consider it and reverse our decision regarding your appeal.

You may submit your additional information to the independent external review organization for consideration during its review within five (5) working days of your receipt of our notice describing the independent review organization that has been selected to conduct the external review of your claim. Although it is not required to do so, the independent review organization may accept and consider additional information submitted after this five (5) working day period ends.

The independent external review entity shall review information regarding your benefit claim and shall base its determination on an objective review of relevant medical and scientific evidence. Within 45 days of the independent external review entity's receipt of your request for standard external review, it shall provide written notice of its decision to you. If the independent external review entity is deciding your expedited external review request, then the independent external review entity shall make its decision as expeditiously as possible and no more than 72 hours after its receipt of your request for external review and within 48 hours of notifying you orally of its decision provide written confirmation of its decision. This notice shall explain the external review entity's decision and that the external review decision is the final appeal available under state insurance law. An external review decision is binding on Health Plan and you except to the extent Health Plan and you have other remedies available under federal or state law. You or your designated representative may not file a subsequent request for external review involving the same Health Plan adverse determination for which you have already received an external review decision.

If the independent external review organization overturns our denial of payment for care you have already received, we will issue payment within five (5) working days. If the independent review organization overturns our decision not to authorize pre-service or concurrent care claims, Kaiser Permanente will authorize care within one (1) working day. Such covered services shall be provided subject to the terms and conditions applicable to benefits under your plan.

Except when external review is permitted to occur simultaneously with your urgent pre-service appeal or urgent concurrent care appeal, you must exhaust our internal claims and appeals procedure (but not the Voluntary Second Level of Appeal) for your claim before you may request external review unless we have failed to substantially comply with federal and/or state law requirements regarding our claims and appeals procedures.

Additional Review

You may have certain additional rights if you remain dissatisfied after you have exhausted our internal claims and appeals procedures, and if applicable, external review. If you are enrolled through a plan that is subject to the Employee Retirement Income Security Act (ERISA), you may file a civil action under section 502(a) of the federal ERISA statute. To understand these rights, you should check with your benefits office or contact the Employee Benefits Security Administration (part of the U.S. Department

of Labor) at 1-866-444-EBSA (3272). Alternatively, if your plan is not subject to ERISA (for example, most state or local government plans and church plans or all individual plans), you may have a right to request review in state court.

PRESCRIPTION DRUG BENEFIT

NOTE: When used in this Evidence of Coverage or Membership Agreement, the term “preferred” refers to drugs that are included in the Health Plan drug formulary. The term “non-preferred” refers to drugs that are not included in the Health Plan drug formulary.

Please refer to the “Schedule of Benefits (Who Pays What)” in this booklet for the specific Copayments, Coinsurance, Deductible, and supply limits that apply to the covered prescription drugs described below.

1. Coverage

Prescribed covered drugs are provided at the applicable prescription drug Copayment or Coinsurance for each tier of drug coverage. This may include: a preferred generic drug tier; a tier for preferred brand-name drugs or medications not having a generic or a generic equivalent; a tier for prescribed non-preferred drugs authorized through the non-preferred drug process; and a tier for certain specialty drugs. **Note:** Some specialty drugs are available in other tiers. To learn more, please visit our website at kp.org/formulary.

Non-Formulary Drug Exception Process:

You, your designee, or your Plan Provider may request access to clinically appropriate drugs not otherwise covered by Health Plan (non-formulary drugs) through a special exception process. We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests. As long as you are an active Member and the exception request is granted, Health Plan will provide coverage of the non-formulary drug for the duration of the prescription. If

the exception request is denied, you, your designee, or your Plan Provider may request an external review of the decision by an independent review organization. For additional information about the prescription drug exception processes for non-formulary drugs, please contact **Member Services**.

Prescribed supplies and accessories include, but may not be limited to:

- a. Home glucose monitoring supplies.
- b. Glucose test strips.
- c. Acetone test tablets.
- d. Nitrate urine test strips for pediatric patients.
- e. Disposable syringes for the administration of insulin.

Such items are provided when obtained at Plan Pharmacies or from sources designated by Health Plan.

For Copayment or Coinsurance information related to contraceptive drugs and certain devices please refer to your “Schedule of Benefits (Who Pays What).”

For each drug, the amount covered will be the lesser of the quantity prescribed or the day supply limit. Any amount you receive that exceeds the day supply will not be covered. If you receive more than the day supply limit, you will be charged as a non-Member for any prescribed amount exceeding the limit. Certain drugs have a significant potential for waste and diversion. Those drugs will be provided for up to a 30-day supply. Each prescription refill is provided on the same basis as the original prescription. Kaiser Permanente may, in its sole discretion, establish quantity limits for specific prescription drugs.

Generic drugs that are available in the United States only from a single manufacturer and that are not listed as generic in the then-current commercially available drug database(s) to which Health Plan subscribes are provided at the brand-name Copayment or Coinsurance. The amount covered will be the lesser of the quantity prescribed or the day supply limit.

Prescription drugs are covered only when prescribed by a:

- a. Plan Physician and obtained at Plan Pharmacies; or
- b. Physician to whom a Member has been referred by a Plan Physician and obtained at Plan Pharmacies; or
- c. Dentist (when prescribed for acute conditions) and obtained at Plan Pharmacies.

Covered drugs include:

- a. Drugs for which a prescription is required by law. Plan Pharmacies may substitute a generic equivalent for a brand-name drug unless prohibited by the Plan Physician. If you request a brand-name drug when a generic equivalent drug is the preferred product, you must pay the brand-name Copayment or Coinsurance, plus any difference in price between the preferred generic equivalent drug prescribed by the Plan Physician and the requested brand-name drug. If the brand-name drug is prescribed due to Medical Necessity, you pay only the brand-name Copayment or Coinsurance.
- b. Insulin.
- c. Renewal of prescription eye drops and one additional bottle of prescription eye drops in accordance with state law.
- d. Compounded medications. **Note:** In all Service Areas, if you use a Kaiser Permanente pharmacy, compounded medications must be picked up or mailed from the pharmacy that is designated by Health Plan. Refills of compounded medications cannot be ordered on kp.org, by mail order, or through the automated refill line. Please call **303-764- 4900 (TTY 711)** and press “0” to speak to the pharmacy staff for assistance. In the **Southern** and **Northern Colorado** Service Areas, you may fill or refill compounded medications at a network pharmacy.

2. Limitations

- a. Some drugs may require prior authorization. You do not need prior authorization for any FDA-approved prescription drug listed on our formulary, for the treatment of substance use disorder.
- b. With the exception of substance use disorder drugs, we may apply Step Therapy to certain drugs. You or your Plan Provider may request an exception if you previously tried a drug and your use of the drug was discontinued due to lack of efficacy or effectiveness, diminished effect, or an adverse event.
